

# The Patient and Public Advisory Group (PPAG)

- ▶ The Patient and Public Advisory Group advises the Kent and Medway Sustainability and Transformation Partnership (STP)
- ▶ The aim is to ensure that new care models are co-designed with patient and public input
- ▶ To reflect this, members have been recruited from the voluntary sector and the public, giving an opportunity to look at the plan with a fresh perspective.

# Obtaining patient and public input

- ▶ Ensure regular updates and newsletters are available
- ▶ Seek your views and input to new services via your email contact
- ▶ Work with your local Patient Participation Groups
- ▶ Seek input from groups and institutions
- ▶ Improve engagement with seldom heard groups across the area
